

Who Said Machines Were So Much More Efficient Than Hand Labor?

THE BURNING KILLED 4,541 MEN IN THE GREAT WAR. THE BEST WE CAN DO IS ONLY ABOUT GOOD IN 1933.

BETTER WITH OUR JOSEPH ENGINE. THE BEST WE CAN DO IS ONLY ABOUT GOOD IN 1933.

AMES, IOWA

Welcome Visiting Motorists

You will find that Iowa's motor vehicle regulations and traffic rules are comparatively few and simple. The alert, careful and courteous driver needs but few rules. You will encounter no prohibitions that will detract from the pleasure of using Iowa's highways. With equal freedom, you may later along the by-ways in search of beauty and reminders of an historic past, or you may hurry across the state on the smooth pavement of the main roads.

On rural highways no maximum speed limitation is imposed. The law states that the speed shall be "not greater than is safe under the conditions and proper, having regard to the traffic, surface and width of the highway, and of any other conditions then existing, and no person shall drive any vehicle upon a highway at a speed greater than will permit him to bring it to a stop within the assured clear distance ahead."

Within cities and towns you will find the speed limit for various areas shown on large black-and-white signs placed on the shoulder or parking of the street. These areas and their respective speed limits are as follows:

Business district, 15 miles per hour.
School district, 15 miles per hour.
Residential district, 25 miles per hour.
Suburban district, Same as rural.

Non-residents must register their vehicle with a County Treasurer within ten days after entering the state. Unless the driver carries a driver's license issued to him in his own state, he must obtain a driver's license within thirty days after entering the state.

While the Golden Rule was probably never intended as a traffic ordinance, it stands today as the best rule for promoting highway safety. The friendly smile of your fellow motorist will repay you for your courtesy.
